By Maggie Anton : Rashi's Daughters, Book I: Joheved: A Novel of Love and the Talmud in Medieval France

Rashi's Daughters, Book I: Joheved: A Novel of Love and the Talmud in Medieval France:

1 of 1 review helpful Odd book By Cheryl Sullivan This was an odd book The author clearly had researched the family and the era very well but the end result wasn't really a novel There was no narrative arc — just lots of info about daily life some things like the making of parchment appeared to be thrown in just because the author had learned about it Joheved didn't seem like a real person and her The first novel in a dramatic trilogy set in eleventh century France about the lives and loves of three daughters of the great Talmud scholar In 1068 the scholar Salomon ben Isaac returns home to Troyes France to take over the family winemaking business and embark on a path that will indelibly influence the Jewish world writing the first Talmud commentary and secretly teaching Talmud to his daughters Joheved the eldest of his three girls "Anton delivers a tour de force Readers will fly through the pages and come away wishing for more" — Library Journal "starred review" "A compelling combination of drama suspense and romance" —
