5 of 5 review helpful If you had it to do all over again By Burt J Kempner I love science fiction for its bold ideas but

characterization often takes a back seat to hardware THEN AGAIN is the perfect book to press on your non SF fan friends It s brilliant filled with mind boggling concepts and characters that live and breathe This tale of the unlikely alliance between a burned out rock singer and a distinguished ph ldquo Have you ever wished you could live your life over again Or to put it more succinctly if you were offered the chance to go back to some point in your past and become your younger self while still retaining all your accumulated wisdom and memories would you choose to do so And if you did what point would you go back to and what if anything would you change This is the question posed to Rix Vaughn by world renowned particle physicist and spiri THEN AGAIN is a captivating tale that delves into the ethereal aspects of quantum physics and Native American spirituality to set the stage for an examination of the emotional challenges and unpredictable consequences of attempting to rewrite the past Though
