3 of 4 review helpful love it By Customer Great job I liked the range of stories and enjoyed the humor I didn t finish the other fifty shades no problem here 3 of 5 review helpful Creepy and very Enthralling By J Sac This collection is one of my favorites The best thing is the close familiarity of the idea next to the original Fifty Shades Awesome and gruesome What s sexy about zombies 51 authors answered that question with wild weird and titillating tales From love during the apocalypse to love that goes beyond the grave and back again to love that well never dies you ll find these pages filled with desires demanding to be fulfilled hungers to be slaked and lovers who won t let a little thing like death or undeath come between them Do zombies need sex as much as they need brains What would you do to bring a lover
