3 of 3 review helpful Unleashing Angel by Mel Spenser By Elisa This is probably the most ordinary gay paranormal romance I have ever read when you deal with werewolves and full moon and mating rituals well you are expecting for the story to be a bit unrealistic for sure not to be almost a pictorial journal of your modern gay man At the beginning of the story Brian is just dumping is cheating boyfriend Bria Brian is land surveyor sent on a job to a remote area of southeast Arizona for a month long work assignment There he meets Angel a college student home for the summer and helping his family with their campground style motel where Brian stays Brian realizes that he s jumped into relationships a little too quickly in the past but finds it very hard to resist Angel who s just his type Even though he knows he should take it slow Brian can t seem to stay away Angel
