By Leonard S. Bernstein : Death by Pastrami double patty cheese burger bacon extra bacontobacco onions gherkins and burger sauce the pinkwater podcast going to download an audiobook why not send daniel some bucks hell pass it along to some suitable good purpose pastrami for the indigent Death by Pastrami:

6 of 6 review helpful Wonderful collection of stories By A Gentile I enjoyed this book so much I m fascinated by the

history of New York City so I bought the book thinking it would mainly tell me what the old garment district used to be like It does that but I was surprised at how funny and how deep many of these stories are A couple times a seemingly simple story suddenly opened up like the Grand Canyon before my eye In these seventeen wry stories Bernstein introduces us to the unsung residents of NYC rsquo s garment district proud lace sewers unscrupulous ragmen and salesmen with a penchant for stolen pens Bernstein is a master of brevity most stories clock in at under ten pages and he is most concerned with the particulars of human yearning A man offers a million dollars for a ldquo first rate rdquo human heart An engineer chooses the suit he will wear every day for t Terse funny poignant honest like Malamud s before him Leonard Bernstein s stories attempt to sanctify the ordinary and in the process they provide the reader with an experience as humanizing as it is entertaining Steve Stern author of The Frozen Ra
