By Enrico Castelnuovo : The Moncalvos The Moncalvos:

0 of 0 review helpful The translation was great and I was truly sorry when the novel ended By Ilene Winikur The Moncalvos is the gentle compelling story of two brothers and their families living in Italy who choose different

religious paths later in life Both men are successful in their professions one as a financier the other as an academician and their careers are influential in guiding their decisions Moving thro Enrico Castelnuovo s The Moncalvos was originally published in 1908 in Italian This is the first English translation of this famous novelist s most controversial title Set at the turn of the 20th century 50 years after Garibaldi s revolution and the unification of Italy the Jewish residents of Italy have come into their own as landowners academics business people and financiers But one branch of the Moncalvos family yearns for the level of respectability that onl About the Author Born in Florence on February 8 1839 Enrico Castelnuovo taught at the Superior School for Commerce in Venice today known as the University of Ca rsquo Foscari which was founded by Luigi Luzzatti his brother in law and which he
